Subject: MLPAComments: Central Coast MPA Packages - Please advocate Package 2

Greetings,

I am a frequent visitor to the Central Coast for diving and outdoors activities. My family and I are also considering moving to the Pacific Grove area to be closer to the diving.

We strongly support Package 2 in the upcoming MPA recommendations. Furthermore we encourage you not to advocate Package S.

We would like to continue to visit and invest part of our lives in the Central Coast region and feel that Package 2 would help preserve the magic and unique qualities fo the region.

Thank you,
Eric Elia

San Francisco, California
